We are happy to invite you to the forthcoming EuroEus Meeting March 23-24, 2017 in Milan, Italy.
The venue will be in Ramada Plaza Hotel with live transmission from the Pancreato-Biliary Endoscopy and Endosonography Division of San Raffaele Hospital.
This year for the first time we have scheduled a new event that will take place the day before EURO-EUS. On March 22 we have organized the EURO-EUS HANDS ON TRAINING COURSE.
A selected number of registered participants will have the exciting opportunity to be trained in advanced Operative and Therapeutic EUS including FNA, FNB, Pseudocyst drainage and more!
Following our long standing tradition you will enjoy the highest level of presentations and live demos orchestrated by our international faculty.
During the course the major hot topics concerning EUS will be covered including the approach to the pancreatic focal lesion, screening and staging of pancreatic cancer, the role of elastography and contrast, proper handling of biopsy material, interventional EUS and much more.
You are kindly invited to send abstracts for oral presentation/posters. The deadline for submissions is February 15.
We are glad to welcome Dr. Julio Iglesias as member of the scientific committee.
Looking forward to see you in Milan.

Arrivederci,
Erwin Santo, Paolo Arcidiacono, Julio Iglesias
