PORTSMOUTH ADVANCED ENDOSCOPY SYMPOSIUM 2017

12th - 13th January 2017

Action Stations
Portsmouth Historic Dockyards

19 College Road
HM Naval Base
P01 3LJ
United Kingdom

12 CPD Credit applied for
www.emresd.com
Course Director

Professor Pradeep Bhandari, Consultant Gastroenterologist, Queen Alexandra Hospital, Portsmouth

International Faculty

Dr Amit Maydeo (India)  Dr Michael Kaminski (Poland)
Prof Ponchon (France)  Prof Y Starkov Moscow, (Russia)
Prof Alessandro Repici (Italy)  Dr Marietta Iacucci (Canada)
Prof P Zhou (China)  Prof M Almadi (Saudi Arabia)
Dr Cesare Hassan (Italy)  Dr R Chuttani (USA)
Prof. Prasad Iyer (USA)

National Faculty

Mr Amyn Haji  Dr Fergus Thursby-Pelham  Prof Saud Ishaq
Dr Bu Hayee  Dr R McCrudden  Dr. Jonathan Hoare
Dr Rehan Haidry  Dr Ramesh Jayapal  Dr. Patrick Goggin
Dr John Morris  Dr P Basford  Mrs J Douglas
Dr John Anderson  Prof K Raguinath
Mr S Sommers  Dr G Longcroft-Wheaton

Symposium Dinner

A symposia dinner will be held on: Thursday 12th January at the prestigious and historic HMS Ward Room

CME accreditation applied to RCP UK for 12 CPD points.
Session One: Upper GI Neoplasia Detection & Management

• Setting standards to improve upper GI neoplasia detection: The way we do and report gastroscopy is set to change!

  Prof K Ragunath (UK)

• Live cases
  - Using technologies: NBI, Blue Laser Imaging & iScan OE

• Resect, burn or freeze: An update on the management of Barrett’s neoplasia

  Prof. Prasad Iyer (USA)

• Live cases
  - Resect: EMR
  - Burn: APC & RFA
  - Freeze: Cryo ablation

• Top tips on the detection and management of oesophageal squamous neoplasia

  Prof Zhou (China)

• Live cases
  - Lugol’s iodine / optical enhancement in detecting squamous neoplasia
  - Resect / Ablate

Session Two: Endoscopic Techniques for Benign UGI Pathology: How I Do It

• Difficult oesophageal strictures made easy: All you need to know!
  Prof Repici (Italy)

• Live cases
  - Dilatation of a benign oesophageal stricture
  - Ablation of GAVE

• Stemming the flow: Acute upper GI bleed: When to intervene?

  Dr John Morris (Scotland)

• Live Endoscopy
Session Three: Advances in Endoscopic techniques in the Upper GI Tract

• Endoscopic resection of upper GI neoplasia: When to choose ESD over EMR?
  
  Prof Ponchon (France)

• Live cases

  EMR & ESD, Purastat

• Advances in Submucosal Endoscopy: POEMS to G-POEMS & beyond?

  P Zhou (China)

• Live link to Orlando (Advanced EUS procedures)

• Live cases

  - POEMS

Session Four: Bariatrics

• Horses for courses: Surgical vs endoscopic bariatric options

  Mr S Sommers (UK)

• Live cases - Novel technology

• The growing world of bariatric endoscopy: Update on endoscopic options

  Dr R Chutanni (USA)

• Upper GI MDT (Audience to bring cases)

BREAK-OUT SESSIONS

• EUS: advances in tissue acquisition

  Dr Ramesh / Dr McCrudden

• The Advanced Endoscopy Suite: Dyes, Technology, Team, Knives.

  Dr Thursby-Pelham / Sister Douglas

• GI Stents: All you need to know

  Prof Krish Ragunath & Dr Rehan Haidry
Session One: Quality colonoscopy and improving polyp detection

- Improving my ADR: Tips and tricks
  - Optimising Bowel prep & techniques
    Doctor C Hassan (Italy)
  - Novel devices & technology: Endocuff, Endorings, FUSE, G-EYE
    Prof A Repici (Italy)

- Live endoscopy
  - Endorings / Endocuff / Water jet system

Session Two: Polyp characterisation and resection

- Assessment of colonic polyps: To attack or abort?
  Dr J Anderson

- Live case
  Polyp assessment: NBI, BLI, OE scan

- Resection of polyps
  Cold vs Hot snare – Dr S Dolwani
  Snare vs Knives – Mr A Haji

- Live case
  EMR / ESD / Full thickness excision

Session Three: Colorectal screening

- Future of Colorectal screening: Stool or Colonoscopy?
  Dr M Kaminski (Poland)

- Capsule colonoscopy and CT-VC: Time to set the endoscope aside?
  Dr C Hassan (Italy)
Session Four: Complications of endoscopy and brief updates on endoscopy technological advances

- **Colonic strictures: Stretch or stent?**
  Prof A Repici (Italy)

- **Live case**
  - Novel devices (EndoRotor, Purastat)

- **Managing Polypectomy Complications: Top tips**
  - To be confirmed

- **Dyeing out: Can endoscope technology replace conventional chromoendoscopy in colitis surveillance?**
  Dr Marietta Iacucci

- **Live case**
  - Chromoendoscopy in colitis surveillance

Session Five: Decision making – The Polyp MDT

- **Lower GI MDT (Audience encouraged to get cases for discussion): Endoscopic resection vs Surgery**
  Dr S Dolwani

EARLY MORNING BREAK-OUT SESSIONS

- **ERCP tips and tricks from the Experts: Techniques, Cannulation, Precut, Sphincterotomy**
  Dr Ramesh / Dr Mcrudden

- **Safe and effective polypectomy: Diathermy settings, injections and snares**
  Dr P Basford / Dr. Gaius Longcroft-Wheaton
I would like to attend the Portsmouth Endoscopy Symposium – 12th/13th January 2017:

Please indicate your preference by ticking one of the three boxes below

☐ Single day - £175.00 Consultant

☐ Single day - £90.00 Non-consultant

☐ Both days - £275 Consultant

☐ Both days - £125 Non-Consultant

☐ Course Dinner - £30

Please complete in BLOCK CAPITALS
Surname: ...........................................................................Dr/Mr/Mrs/Miss/Ms
Forename:……………………………………………………………………………………………....
Job Title: ......................................................Department: ........................................................
Hospital Address: ……………………………………………………………………………………...
………………………………………………………………… Post Code:........................................
Day Time Contact:
Ext/Bleep: …………………………………………………………………………………………........
Mobile: …………………………………………………………..
Email: ........................................................................................................................................

Course fee includes: VAT, registration, lunch and refreshments, course materials and certificate of attendance.

*Please make cheques payable to: PIELOT

Please return to: Claire Wood at Endoscopy Department, Queen Alexandra Hospital, Southwick Hill Road, Cosham PO6 3LY UK
