ADVISORY NOTICE

RE: SCAM TARGETING U.S.-BASED LAW FIRMS

The purpose of this advisory is to inform the general public of a spoofing scam currently targeting law firms throughout the United States.

On a daily basis, law firms are being contacted allegedly on behalf of PENTAX Medical, Japan to file suit against another company. These are not legitimate claims and are instead part of an elaborate financial scam. It is possible that law firms outside of the U.S. are also being contacted in furtherance of this scheme.

Please do not respond to these claims.

Sincerely,

PENTAX Medical
