

## Made for you: the **VERSA** **HD Video Endoscopes**

*Your affordable, complete, and versatile platform*

The PENTAX Medical VERSA Endoscope series is designed to meet your diagnostic and day-to-day therapeutic needs. VERSA endoscopes represent our HD solution for every budget: optimizing your operating costs and giving you LED illumination.

# VERSA Endoscopes: Reliable HD imaging

## Ergonomic grip

The grip design has been engineered to allow comfortable handling of the endoscope.

## Cost reduction

For optimized cost efficiency, all VERSA video endoscopes are equipped with LED illumination. This provides a much longer lifetime than XENON or Halogen light bulbs, thus assuring minimized maintenance and running costs.

## Service infrastructure for quick turn around time

As a part of the PENTAX Medical VERSA System, the v10c scopes will be serviced via the experienced PENTAX service infrastructure to ensure high quality service and quick turn around time.
